Steward(s) Dec2011:	yes
Petroleum & Natural Gas Surface Access Aug2002:	Conditional
Day Use Site(s):	Markerville
Recreation Activities:	none noted

Access:

Notes: Markerville Natural Area is located adjacent to the Red Deer River. Its lowlands are cut by old channels, floodways and gravel bars. The lowlands are mainly balsam poplar & willow. This site is located in the Parkland Natural Region, Central Parkland Sub-region. Fourteen level 1 and 63 level 2 natural history themes have been identified to describe the environmental diversity of the Central Parkland. Full representation of five of the level 1 themes has been achieved, but the remaining level 1 themes are not well represented within the parks and protected areas network. There is some representation of most level 2 themes within the network. Listed in "Other Natural Areas" (Alberta Parks web site, 2012).
